CARLISLE BRASS

Cabinet Hardware

ALEXANDER & WILKS

What's on Trend?

Dark Kitchens

"We're witnessing a resurgence of dramatic colour tones that introduce a powerful contrast, such as warm, saturated hues paired with understated neutrals,"

Along with blues and greens, rich browns, smoky blues, reds and purples are taking centre stage to infuse kitchens with a cozy, inviting atmosphere.

- Elle Decor

CARLISLE BRASS

A Neutral Aesthetic

Clean & Simple

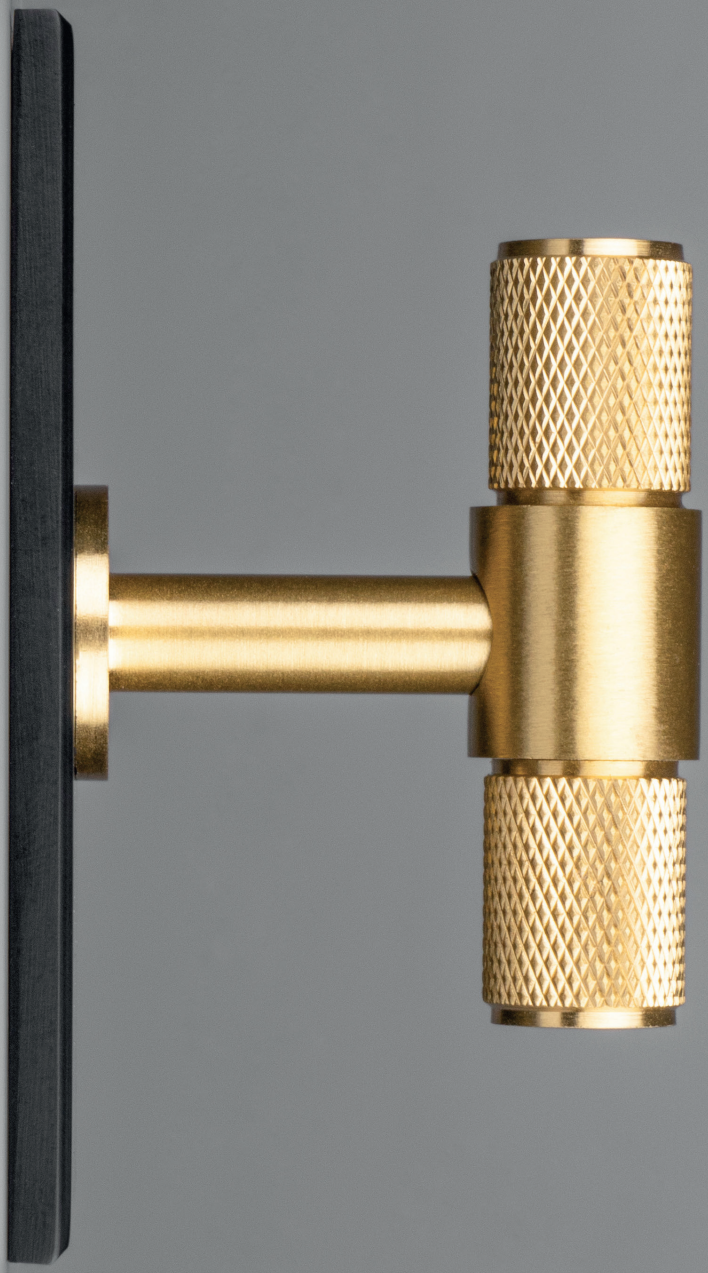

In 2024, decorating with white is all about warm whites. Gone are the days of interiors looking cold and sterile from cool-toned whites – designers are increasingly favouring warm white paints that create that same minimalist and serene look without feeling stark.

‘As we enter into 2024, the use of bright neutrals is going to be popular,’ comments interior designer Luis Carmona.

Decorating with neutrals will always be timeless. Whether you’re more drawn to rich brown shades or pared-back warm whites, you can be sure that these understated colors will help achieve a sophisticated and calming scheme.

SEROZZETTA

Suited to residential projects, including some of our best-selling door handles

We continue our Planet Mark journey...

- **Launching a packaging project to eliminate plastic, improve recyclability, and reduce packaging sizes. In turn reducing the number of containers we ship.**
- **Migrating our company vehicles to EV and hybrid models, as well as installing on-site charging points.**
- **Switching to North West Recycling we are diverting the majority of our waste from landfill.**
- **Switching carriers to DPD, who are committed to rolling out all-electric delivery vehicles in 30 UK cities by the end of 2023.**
- **Optimising our website performance to reduce the amount of CO2 emissions per-click.**
- **Following a 10.4 % absolute reduction we will continue measuring carbon and social data to reduce emissions and achieve the UN Sustainable Development Goals.**

FOLLOW OUR SUSTAINABILITY JOURNEY

The paper used to create this catalogue is both FSC® certified and Carbon Balanced (WLT – World Land Trust accredited). Sterling are a ISO 14001 accredited company who use 100% vegetable based inks.

- Re-using heat generated by the presses to heat the factory during winter
- Reduction of chemicals and water used on all presses
- Solar panels on the factory roof that save electricity and regenerate power
